

Homeowner:

I have been a licensed roofing contractor in the state of Michigan for over 20 years. I have been called upon repeatedly to fix roofing problems, and in many cases represent homeowners in litigation against a faulty contractor. The state of Michigan is allowing me to help protect homeowners by inspecting their homes to ensure that their new roof is put on according to the state of Michigan's specifications.

For \$30, I will inspect your roof for inferior workmanship which would cause your roof to fail.

If your job fails to the extent that the state of Michigan would require repairs, I will document the failure(s), and a full report will be provided including pictures. The state of Michigan must agree with my report and require repairs to be made before my fee is charged to you.

Licensed Company:

By signing below, you will agree to pay a \$595 report fee if workmanship fails to pass Michigan standards.

Please print this webpage, complete the following and [contact Michigan Roof Inspection](#) to use our services.

Licensed Company's Full Name: _____
